# PHOTOGRAPHY CAMP

June 27 - July 1

August 1- 5

Led by Josh Thornton

Price: \$490/week

This camp will allow students to develop their own style of seeing and shooting the world around them. Students will learn how to use composition, scale, lighting and more to shape their artistic voice. By the end of the week, each camper will have a portfolio. No prior experience is necessary, and the only equipment needed is a camera (smartphone, DSLR or point and shoot).

---

## SCHEDULE

---

*Each day will begin with an introduction to the day's project, followed by a photography session. After lunch, we will edit our photos before the sharing and critique session.*

### **Day 1 • Architecture • Photographing the City**

We will learn about foundational photography principles and theories before heading out into the city. Photographers will be free to capture any images relating to the architecture of Philadelphia, such as buildings, streets, bridges, signs, etc.

### **Day 2 • City Life • People and Places**

We'll pick up where we left off yesterday, shooting images in the city, but this time incorporating people into our images as well. The photos can be portraits, candid shots or abstract interpretations.

### **Day 3 • Minimalism • Less is More**

Photographers will be challenged to create captivating images using less subject matter. We will learn how to tell a story with just one object as the focus of the photo.

### **Day 4 • Color • Sticking to a Color Theme**

Today photographers may photograph anything they like, but will choose a single color theme for the day. All the images must contain the color of choice and emphasize it as part of the subject.

### **Day 5 • Freestyle • Photographer's Choice**

On our final day, photographers will explore Philadelphia's landscape and photograph it using styles they've previously learned or new ones, following their own creative vision. Students will select their favorite images from the week and enter into our camp contest. We will evaluate each image, cast our votes and choose the winners!
